THIS LICENCE IS TO BE DISPLAYED ON THE BRIDGE RAILINGS WHEN IN USE

Licensee: Abseilling Derbyshire

Period of validity: 12/01/2014 – 11/01/2015

The Monsal Trail - Rope Training on Bridge No.75

I will be pleased to grant a Licence by the Authority subject to the conditions stated below.

1. The Licence is granted by the Peak District National Park Authority (the Licensor) to Abseilling Derbyshire (the Licensee).
2. The Licence permits the use of Bridge No.75 marked on the enclosed plan.
3. The Licence is valid for the period: 12/01/2014 to 11/01/2015
4. The Licence is granted for rope training by the individual, club, association or company in accordance with the following safety code:
 - (a) Load bearing ropes, tethers, ladders and safety ropes must be secured to the posts and railings above the brick parapet only in the locations described in Clause (5) below.
 - (b) Ropes and equipment should conform to the standards recommended by the British Mountaineering Council (BMC), the National Caving Association (NCA) and the Union Internationale Association Alpines (UIAA).
 - (c) All persons exercising the Licence must be members of or insured by the club, association or company to whom the Licence is granted and all members must be supervised by a suitably competent person, ensuring all use complies with a strict safety code laid down by the club, association or company. Individuals must be insured and suitably competent.
 - (d) Ascents and descents must be organised in such a way that the controller is in a position to deal with any eventuality and be able to lower off a climber in difficulties at any point of the ascent or descent.
